WELCOME

Singapore, privately guided

This collection brings together eight curated private tours of Singapore, each built around a single theme: signature landmarks, the modern skyline, cultural and colonial heritage, architecture, everyday local life and the city's many faiths. Alongside them sits a ninth option, the Fully Custom Private Tour, for travellers who would rather build their own day.

Every tour is private to your party and led by your own STB-licensed guide, so the pace, the emphasis and the conversation are yours. Compare the tours below, then turn to the individual pages for the full route and highlights of each one.

Suggested itineraries

Tours can be anywhere from 3 to 8+ hours. The itineraries and durations shown are suggested routes and guides, which we adapt to your interests and the time you have. Entrance tickets and transfers are optional add-ons and separate additional costs; see page 3.
